† Team Members and Founders

Our friends and family in The United Methodist Church have held Heart Havens in *their* hearts since they founded the organization in 1996. The residents in our programs have benefitted profoundly from their visits, home maintenance, fundraising and love. We encourage you to visit our website at www.hearthavens.org to see some of the magnificent work our partners in ministry are doing.

Currently Heart Havens has 10 homes in 8 Districts across the state. Thousands of individuals are in need of housing and services in Virginia. Heart Havens' goal is to address these needs by continuing to build homes and provide services.

By partnering with United Methodist Men, Women and Youth we can ensure that everyone has access to the same opportunities, stability and support.

We are indeed on a winning team!

Adults and youth at Wright's Chapel UMC volunteer their time at the Taylor and MacLeigh homes regularly and maintain contact with the residents throughout the year.

A Person-Centered Approach

The mission of Heart Havens is to empower the individuals we serve to live as independently as possible. We take a person-centered approach. Personal choice is emphasized to promote their sense of purpose in the community, control of their life's destiny, self-worth and dignity of risk. An individual's strengths are enhanced to achieve this goal.

The Community

Socializing beyond one's immediate family is important to everyone. Individuals enjoy the company of their neighbors, coworkers, and associates. Our friends in The United Methodist Church are wonderful hosts and hostesses for many social activities, and help bridge the gap between residents and the community.
